CORPORATE OVERVIEW

WHO WE ARE

CEO'S MESSAGE

“ Today, change is everywhere. Our customer's markets are evolving rapidly in response to volatile raw material prices, new feedstocks, and new manufacturing trends. Sustainability is often the spur, driving demand for better, cleaner and more-efficient products and ways of doing things.

For companies that can see potential in these challenges, this is a good time to be in business. From its foundation in 1976, SABIC has sought to adapt quickly to customer needs and requirements. Our tradition of ingenuity has driven continuous improvement in the way we operate as well as a relentless quest for sustainable growth.

OUR PURPOSE: WHAT DRIVES US TO DO WHAT WE DO

Chemistry is more than the science and substance of our success. It is how we work, to build long lasting relationships of trust. What matters is making a meaningful impact for the customers and communities we collaborate with, so that we succeed and grow together.

AT SABIC, THE REASON AND GUIDE FOR EVERYTHING WE DO IS:

CHEMISTRY THAT MATTERS™

OUR THREE COMMITMENTS: WHAT WE COMMIT TO DELIVER, TO ACHIEVE OUR PURPOSE

More than what we say, it's what we do that matters.
At SABIC, we remain true to our purpose by delivering on our three commitments:

1 DRIVING PERFORMANCE FOR CUSTOMERS

We push the limits of quality, efficiency, and performance to drive customer success

2 ENSURING LONG TERM DEPENDABILITY

We bring preparation and judgement to help lasting reliability

3 BUILDING VALUABLE RELATIONSHIPS

We collaborate closely to create opportunities for sustainable growth

OUR VALUES: HOW WE ACT AND BEHAVE EACH DAY

INSPIRE

We generate pride and commitment to make an impact

ENGAGE

We connect with others to achieve more together

CREATE

We find and embrace new and better ways of working

DELIVER

We take responsibility to drive meaningful results

OUR VISION

TO BE THE PREFERRED WORLD LEADER IN CHEMICALS

We will achieve this by collaborating with our customers, helping them achieve their ambitions. When they grow, we grow.

That's why for us, our customers' success comes first.

COMMITTED TO THE KINGDOM: FULL COMMITMENT AND SUPPORT TO THE 2030 VISION

Saudi Vision 2030 represents the most significant shift in the Kingdom's economic development policy in decades.

SABIC is ideally placed and is fully committed to helping lead the way to the realization of Vision 2030.

WHAT WE OFFER

OUR PRODUCTS

STRATEGIC INDUSTRIES WE SERVE

AGRICULTURE

Our portfolio of high quality agri-nutrients play a vital role in helping to secure adequate global food supply and make it possible to produce more food from less land.

ADVANCED PACKAGING

SABIC polymers seek to help food and drink producers meet their goals while still providing sustainable benefits like lightweighting and environmentally-focused initiatives.

BUILDING & CONSTRUCTION

We provide products to architects and builders who seek solutions to satisfy public demand for environmentally responsible structures while providing design freedom.

CLEAN ENERGY

SABIC's specialty and polymer products can help create sustainable renewable-energy solutions for the future.

CONSUMER PRODUCTS

SABIC offers tailor-made solutions to consumer goods & appliances industry; that supports design for recyclability and offer compliance with safety regulations while providing enhanced aesthetic appeal.

ELECTRICAL & ELECTRONICS

Manufacturers need to make products in a cost-effective manner, yet meet consumers' expectations for style, ease of use and sustainability. Our materials are the foundation for the next generation of electronic devices.

HYGIENE & HEALTHCARE

We help customers successfully address the challenges facing the industry by providing advanced technologies, a broad product portfolio, and a healthcare product policy to help support our customers in achieving regulatory compliance.

TRANSPORTATION

Automobiles, aircraft, rail interiors, heavy-duty trucks and other vehicles require new approaches to meet ever-rising requirements. We put our material, design and technical expertise to work to help OEMs meet this challenge and drive innovation to new levels.

POLYMERS: BUSINESS OVERVIEW

The Polymers business unit focuses on developing and delivering suitable solutions for use in manufacturing a vast array of applications across a wide range of end-use markets. The unique properties of these materials, and their versatility and customizability, make possible innovations that improve lives and contribute to a more sustainable planet.

AGRI-NUTRIENTS: BUSINESS OVERVIEW

SABIC is a leading global fertilizer producer. Over the years, we have built our capabilities to serve high quality fertilizer products to our customers, helping them reduce their environment footprint. We produce a wide-ranging portfolio of fertilizers such as urea, ammonia, phosphate and specialized products. Securing the food supplies for a hungry world is a major challenge, and through our fertilizer production, we are seeking to play a vital role in making sure good, nutritious food reaches the world’s tables. We’ll be ready to help meet these demands, and the SABIC brand will remain a symbol of quality, now and in the future.
