

HIGH MODULUS DUCTILE (HMD) PRODUCTS

A system cost effective metal replacement material solution to customer that need high stiffness, thin wall injection molding, low warpage, dimensional stability, good ductility, un-yielding aging property, flame retardant, environmental friendly performances. Targeted at casing, structural parts with different applications.

HMD Targeted Performance

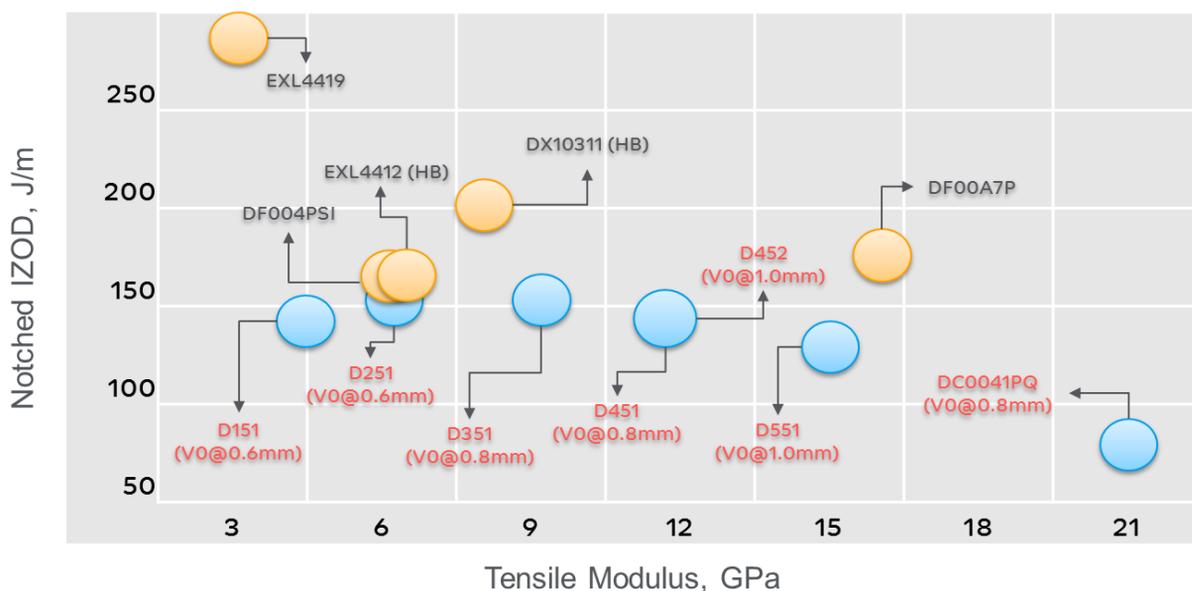

- High modulus and ductility
- Excellent aesthetic, ex High Gloss
- Low warpage
- Un-yielding aging property
- Dimensional stability

HMD major application

- Portable computing housing/Antenna/Keyboard frame
- Smart phone housing/middle frame/ structural part
- Other electronics device / metal replacement
- Non-consumer electronics structural part

HMD value propositions

- Thinner, lighter and stronger
- Design freedom
- System cost reduction vs. Metal
